---

April 9, 2014

The Wyoming Game and Fish Department's Lander Region invites you to a Mule Deer Workshop to help plan the future of mule deer management in southern Fremont County. The workshop is set for April 24<sup>th</sup> at the Inn at Lander (260 Grandview Drive) and will start at 6:00 PM. We will focus on the future management of mule deer in the South Wind River (hunt areas 92, 94 and 160) and Sweetwater (hunt areas 96 and 97) mule deer herds.

We will build on the work and input that have been provided to us over the last three years during our December/March public meetings to address future mule deer management in the Lander Area. This workshop will culminate in the establishment of a public working group comprised of 12 individuals representing the varied interests in mule deer and mule deer hunting in these areas. The working group will be charged to develop future mule deer herd management recommendations for these hunt areas.

This is the beginning of a new chapter in mule deer management in the Lander area. It is your opportunity to share any information, observations, or ideas you think valuable for the development and implementation of the working group and the working group's recommendations. So, please plan to participate.

We value your input and encourage you to ask those around you to get involved. We look forward to seeing you!

Sincerely,

Jason Hunter  
Regional Wildlife Supervisor  
260 Buena Vista  
Lander, WY 82520  
(307) 332-2688

Daryl Lutz  
Wildlife Management Coordinator
